

MEETING NOTICE

FRASER SALMON ROADMAP

Tier 1 – First Nations Only

**Tuesday February 8 and Wednesday February 9, 2011
Executive Airport Plaza Hotel (Westminster Room), Richmond BC**

KEY THEMES:

- Update on FRAFS First Nations Management Structures (see Jan 12 Watershed Talk Newsletter)
- Fraser Salmon Roadmap progress to date
- Exploring potential joint management arrangements

BACKGROUND:

The Fraser Salmon Roadmap is an initiative between the Fraser Watershed and Marine Approach First Nations and Fisheries and Oceans Canada to explore the development of an arrangement for the joint management of Fraser salmon. The need for joint salmon management has long been a key issue in the evolving relationship between these two parties.

This Tier 1 session will provide an opportunity for First Nations to explore how a joint management arrangement with DFO should be structured to meet their interests.

All Roadmap meetings are open to all First Nations participants who have an interest in Fraser salmon issues.

ACCOMMODATIONS:

A block of rooms has been reserved at the Executive Airport Plaza **until February 4, 2011**. The cost is \$99 + tax (includes overnight parking and free internet). Please call 604-278-5555 for reservations and book under the group name "Fraser Salmon Roadmap".

If you plan to attend this meeting, please RSVP to Aimee Arsenaault, FRAFS Communications Coordinator, at (tel) 604-836-1909 or (email) info@frafs.ca

Thanks, we hope to see you at the Fraser Salmon Roadmap!
