

INCIDENT NAME
Big Bar Landslide

INCIDENT LOCATION
North of Big Bar on the Fraser River

DATE PREPARED
August 12, 2019

UPDATES

- The scaling crew continued rock manipulation yesterday to increase site safety. Work today will focus on creating pools and channels for salmon to move further up the slide.
- Yesterday afternoon salmon caught in the fish wheel were successfully transported above the obstruction. Fish wheel operations will continue today.
- Two new 1200 litre transport tanks are on site today and will be field tested this morning.

An aerial view of the landslide from downriver.
